

# GIVE MY CERTIFICATE

Send verifiable certificates

# About Give My Certificate

- Advanced platform for digital certificates.
- Online verification, through which the companies aims to help individuals to verify their portfolio using the web portal and stand out in a community.
- Resolves issues like document forgery and storage inconvenience,
- Provides an opportunity to organisations to create a hassle-free workspace.

## HASSLE FREE

Gone are the days when you had to bear the cost of printing individual certificates and sometimes even writing names on each and everyone of it. Forget the hassle of arranging a storage place for the certificates and the burden of distribution, which takes a lot of time and energy.

## POCKET FRIENDLY & YOU ARE SAVING A TREE

You will have to pay 10% of what you pay for the paper certificate.

# WHY GIVE MY CERTIFICATE ?

## AUTHENTICITY

Centralized verification -  
Your data will be stored  
in our server and can be  
used for verification  
purpose whenever  
needed

## EASY TO USE

Just upload the excel  
sheet & certificate image  
with the details. We will  
convert it into your digital  
authentic verifiable  
certificate.

## POCKET FRIENDLY

Our pricing is extremely  
reasonable. You will just  
have to pay 10% of what  
you pay for the paper  
certificate. You can even  
get a lifetime plan. .

## TRACKING & ANALYSIS

Automatically track and log  
all certificates in dashboard.

# What do you get ?

## **Interactive Dashboard**

Interactive dashboard to send, add, maintain and flaunt the certificates & credentials

## **Digital Authenticity**

Digital authentic certificates (No printing required, Just upload user details)

## **Event Management Support\***

Host Your events and take all registration at single place.

## **API Integration\***

Host Your events and take all registration at single place.

# What does a recipient get ?

Interactive dashboard to maintain all documents & credentials

Authentic verifiable certificate in place of just a piece of paper

Easily sharable with potential people

A platform to subscribe upcoming events

Verifiable certificates mean more value to the recipient's efforts

# Post-event promotion

When the people who receive the certificate share it on their social media to flaunt it, it also benefits you, the event organizer and will help you bring more crowd to your next event.

They can also write appreciative comments about the event along with the post that will better your brand image.

**Your certificates' recipients are your  
MARKETERS**

# Let's grow together

You as a organizer are already providing people with a verifiable proof of their hard work and efforts, along with a dashboard with unmatched features.

If this does not add tremendous value to your event, then what will ?

But we still want to share with you all the benefits we can.

So, all our social media reach will be your social media reach as well. This means, we will promote your event as our own. (wink! wink! )
